- Listening to Stories and Poetries

OBJECTIVE

As a motivated Information Technology beginner, I seek to join a dynamic organization where I can utilize my skills in C, C++, HTML, CSS, JavaScript, and Java. I aim to contribute meaningfully to the organization's success while fostering my professional growth and advancing my career in the field.

PROJECTS

- **Online BookStore**

  Technologies Used:
  Front End :- HTML, CSS, JavaScript
  Back End :- PHP, MySQ

  Description :-
  Developed an online bookstore platform that allows users to browse, search, and purchase books. Implemented user authentication, shopping cart functionality, and a secure checkout process.

- **Spotify Clone**

  Technologies Used :-
  Front End :- HTML, CSS, JavaScript, ReactJs
  Back End :- Node.js, MongoDB

  Description :-
  Developed a Spotify-like music streaming platform with a custom music player and playlist management features. The platform allows users to create and manage their own playlists and play music directly on the site.

- **Amazon Web Clone (E-commerce Platform)**

  Technologies Used :-
  Front End :- HTML, CSS, JavaScript, ReactJs
  Back End :- Node.js, MongoDB
  Description :-
  Developed an Amazon-like e-commerce platform that enables users to search for products, view detailed product information,
  add products to their cart, and compare products.
